

## SUPPORT PRODUCTS

### KEY CABINET

VSR's Key Cabinets are designed to hold large rings of keys and are prepped for easy wall mounting. There are 3 different configurations available for key hook panels and the door is secured with VSR Tubular Locks.

### WALLET LOCKER

- Secure Storage for Employees' Personal Items
- Includes VSR Tubular Locks at no Additional Charge
- Door Attached with Continuous Piano Hinge
- Stackable, with or without Pedestal
- Wall Mountable

Employee Wallet Lockers are constructed of 14 GA steel and give personnel a secure area to store their effects. The doors are 5" x 6.5". They are modular in design and comes in a variety of powder-coat colors.

### WORK STATION

VSR's Work Stations are stand alone cabinets that combine the services of a computer, jackpot fill slip drawer, and locking storage. They allow for a large work surface and easy CPU access. These come in a variety of durable power-coat colors.

### DROP BOX

- Optional Three Hole Boxes for Overseas & Atlantic City Available
- All Boxes are Provided with Cam Locks
- Variety of Sizes to Choose From:
  1. Slimline
  2. Standard Capacity: 8"
  3. Large Capacity: 10"
  4. Extra Large Capacity: 15"

All boxes are made of 18 GA steel with piano hinge doors. Boxes are powder-coated brown, other colors available.

### TOKE BOX

- Choice of Multiple Viewing Window Configurations
- Available with or without Windows
- Windows Made of Clear Plexiglass
- Door Opens on the Bottom for Easy Removal of Tokens

Fabricated with 20 GA steel, these token boxes are significantly more secure than traditional plastic token boxes. A black powder-coat finish is standard, however, other colors are available. Locks are not included. When ordering, please specify which type of mounting is required: e.g. Blackjack 2" Wide Clip, Crap Clip 4" Wide Clip, or Screwdown Mounting Bracket.
